SKILLS

EDUCATION

- 09/2022 - 07/2025 **Master in Computational Science Engineering - EPFL**
Specialization in machine learning, image analysis and computer graphics.
- 09/2019 - 07/2021 **Bachelor in Physics - EPFL**
Graduated with an average of 4.75/6.
One-year exchange at Lund University in Sweden.

WORK EXPERIENCES

- 09/2025 - 12/2025 **EERL (EPFL Lab) - Full Stack Engineer**
Topic: Optimized backend and frontend of an autonomous tethered balloon system.
- 03/2025 - 08/2025 **EERL (EPFL Lab) - Master Thesis**
Topic: Design a winch autopilot software for automated airborne measurements of aerosols.
- 09/2024 - 02/2025 **Reef Pulse - Internship**
Topic: Multispecies bioacoustics classification using Deep Learning.
- 02/2024 - 07/2024 **LIS (EPFL Lab) - Semester Project**
Topic: Robot behavior learning of animal locomotion with Imitation Learning.
- 12/2023 - 02/2024 **NLP & Stylometry - Course Project**
Topic: Developed SVM-based NLP pipeline for authorship attribution and language proficiency analysis.
- 09/2022 - 01/2023 **LPAP (CERN Lab) - Semester Project**
Topic: Deep Learning for the measurement of the Dynamic Aperture.
- 09/2022 - 07/2023 **Teaching Assistant**
Numerical & General Physics, C++ courses.

MANAGEMENT EXPERIENCES

- 09/2023 - 07/2024 **Vice-president of Sailowtech**
Sailing expeditions focused on ocean data collection and sensor prototyping.
- 08/2021 - 07/2023 **President of ArtePoly**
EPFL's art association, with nearly 60 members
- 08/2021 - 07/2022 **Balélec Festival Organizer**
In charge of the 30 travelling artists at Balélec, which welcomes 15,000 festival-goers every year.
